Commanders Corner

Hello everyone! Welcome to the first edition of our electronic Idaho Legionnaire magazine. As you know, we will be sending this out monthly realizing a substantial savings over the printed version, but still providing you current, up-to-date information on topics and articles of events that are happening throughout the state.

My topic for this edition is something I have been talking about since 2019, and that is communication. Communication between Department, Districts, Posts, Squadrons, Chapters and Members is vitally important and almost instantaneous with today's technology. The purpose of mentioning this is to receive and send the information as quickly and accurately as possible. Below are listed some helpful hints.

1. Be brief and concise. Studies have shown that most people read in bullets because they are so busy. It doesn't help to write a long dissertation. Get right to the point. Repeating a point over, and over, and over again does not strengthen your point.
2. Pass the word. If you are in a leadership position, it is important to keep those around you up-to-date and informed when appropriate. Some information is time-sensitive. Do not sit on information that is intended to be distributed. Touch things once, it is much easier to send the information when it is in front of you rather than coming back to it later. (Later never comes.)
3. No matter the level in the organization, all correspondence must go through the Adjutant. This is to ensure proper record keeping and distribution to all appropriate parties. People who bypass their Adjutant create problems in the flow of communication.
4. Remember that written communication does not always convey the proper tone. As a writer, choose words carefully to avoid misunderstanding or confusion. There is a lot of truth to the saying,

“You get more flies with honey than you do with vinegar.” As a reader, it is better to take the time to respond rather than react.

5. Whenever you correspond about a problem or difficulty, please include recommended solutions as you are closer to the problem.
6. Errors happen. Sometimes communications have to be sent out quickly. Most misunderstandings are innocent errors. Typing errors sometimes occur, especially with auto-correct. If something doesn't make sense, just ask.
7. Working together. We are here to work together to accomplish the goals of the American Legion. We're not here to purposefully try to tick people off. No organization will survive with a zero tolerance mentality for errors. Most communications are not directive in nature, they are recommendations to help steer people onto the right path. Quoting rules and regulations are for clarification and information. Don't turn things into an argument. Always have discussions, not lectures.
8. Change. There is always more than one way to solve a problem. We need to find the best solution that fits the situation and is within the rules and regulations, always using proper process and procedures. We need to stay away from having tunnel vision and doing things the same old way. What worked yesterday may not work today or tomorrow. Things constantly change. We need to change, we have to adapt, overcome or improvise.

Department Adjutant News

Hi Everyone!!

Boy has it been a year!! And I wish I could say that it's been a good year but as we all know it hasn't. Covid 19 has become a nightmare for each and everyone of us. It has affected us all in one way or another. As for the American Legion, it has drastically affected us in the membership department. We've lost a lot of Veterans memberships last year and that is a very sad thing. Many brothers and sisters that we need and that need us, slipped through the cracks and did not renew. The Covid restrictions did not allow us to get out there and make those crucial connection to bring and keep our friends close. The lack of ability to hold meetings was another devastating blow. We lost com-

mitment and we lost our freedoms. We became homebodies and nobody was allowed to shake a comrade's hand anymore. We lost all personal contact and we lost the Legion values and ideals. Keeping the Faith that this nightmare would soon end was all that we were left with. Well with everything that is bad, there eventually will come some good. The good that has finally arrived!!! We're finally able to get back together as a family and friends and attend our Summer Convention in Burley. Hallelujah!! I hope that everyone will be able to come and renew old as well as new friendship (in person) and get the motivation and commitment to the Legion and the values that we all hold so close, back in the front spotlight. That we all will go out and make the American Legion a strong and empowering organization again.

Another positive that I am pleased to announce is the return of American Legion Baseball! The boys of summer are back! This is great new for all the youth of our communities. Just like the Idaho Falls Bandits did 2 years ago, Shelby NC is the goal for all of us. Please, any time you can get out to the ballpark and support baseball and these kids, please do so. What is better in life then some peanuts, cracker jacks and baseball.

Do You Have A Story To Share?

Do you have a story you'd like the Department to share? The Idaho Legionnaire Magazine is asking you to share the stories of your community. While Idaho has over 100 Posts accomplishing AMAZING things, not many of those things are being shared or added to our History! Please take pictures and write a story of what you are doing in your community and how The American Legion is making a difference in every community.

From the National Executive Committeeman

The American Legion is the voice for almost 2 million veterans and service members. We have a Legislative Office in Washington DC and they work with Congress to help them understand and work toward issues that are important to the people they represent. Some of the items that your Legislative people are working on with this congress are: 1) Toxic exposure and burn pits – Supporting studies related to toxic exposures and related service connected disabilities 2) Improve Health Care for Women Veterans – Women are the fastest growing demographic in the veteran community and deserve gender specific health care 3) Telehealth/Rural Health – accessibility is a barrier for some seeking care from the VA and telehealth can greatly aid in achieving access 4) Address the Forever War – We have been waging war in Iraq and Afghanistan for nearly two decades. The environment has changed and this war needs to be addressed 5) Citizenship for Honorable Service – Veteran immigrants are sometimes deported after discharge and this needs to be addressed and stopped 6) Pay the Coast Guard – Self-explanatory 7) Close the 90/10 Loophole – Some schools take advantage of Veterans and this needs to be halted 8) Military Awards for Minority Veterans – Again, self-explanatory 9) Peer Support – Peer support is important to transitioning veterans and mental health assistance requires peer support 10) Protect the American Flag – The American Legion has long lobbied for a flag amendment and is doing so again this year 11) Global War on Terrorism Memorial – We need to honor the veterans who fought in this war.

On a couple of other notes – please make sure you fill out your Post taxes, unless your post makes quite a bit of money, you can use what the IRS calls a “postcard” to do your taxes. It only takes a computer and about five minutes to complete this important document. You need to do it yearly to maintain your tax-exempt status.

I look forward to seeing all of you face-to-face at the Department Convention in Burley. I have missed being able to catch up on all the exciting things we all do. Stay healthy and see you all soon!

CANDIDATE FOR Area A Vice Commander

Greetings Legionnaires,

For all that don't know me, let me take a moment to tell you about myself.

I was born on the Indian Reservation-Ft. Yuma AZ. I am Hopi-Ute and duly registered on the rolls with the Bureau of Indian Affairs'. My Family, in any aspect is key to me, either through the Military, Community, and or Parental. Those bonds can never be broken.

My father took on a position as brew master for Anheuser Busch, and my mother was a volunteer within the community where I later graduated some years later and joined the United States Marine Corps. My Father served in the Navy as a Lt. Commander aboard a Mine Sweeper during WWII. So, when I joined the Marine Corps, his disappointment was short lived as he too wanted me to join Navy ... as would any father wanting his off spring to go when entering into Military Service.

I played a lot of Baseball during my academic years, and was good enough to later sign with a minor league team for the Milwaukee Brewers and a year later as a San Diego Padre. I would like to note that during this time I was called up for service into the USMC.

I have been all over the world doing things for my beloved country, and have experienced a lot of adventures as well and experience. I later retired from the Corps and looked forward to new adventures in my life.

I later ran into a fellow Marine, Abe Abrahamson, about joining the American Legion. Being a former member from Downey CA, I said "Why not!" I served with Abe once again as Sgt at Arms, and later District 7 2nd Vice Commander.

I moved from Boise to Grangeville in 2016, taking on a project to develop the Idaho County Veterans Outreach and Community Center. My good friend Jinny Cash was the driving force in getting our humble beginnings started. I am a chartered member for post 152 in White Bird, Serving as Adjutant and Post Service Officer. During these times, I have been heavily involved with veterans, so much so that I went to American Legion College in 2017, later becoming a County Veteran Service officer and a District 2 Commander for the last four years. I have been involved as Dept. Area-A Baseball Director, Media and Communications, Children and youth, Oratorical, and Idaho Leadership College Committees, and a SAL Member for several years. I have also received an award from Sen. Crapo's Office for my Volunteering, as it is so stated in his Spirit of Freedom award to me. I have other awards and appointments in The American Legion, Veterans of Foreign Wars, and other organizations that are available upon request.

I am currently running this year for Area A-Vice Commander and would approve your continued support in this mighty endeavor of ours.

Thank you!

ISCC Post and Squadron #201

ISCC Warden Jay Christensen wants to invest in the future success of inmates being released. He has provided an opportunity for residents to acquire clothing that can help with potential job interviews, or provide them with a comfortable, useful outfit to start on their path to reintegration. Through clothing donations, ISCC will be able to outfit residents reentering society with an outfit suited to their needs.

The initial donation provided by IDOC Administration and The American Legion Department of Idaho contained khakis, polo shirts, sweaters, dress shirts, dress pants, sport coats, suits, industrial work pants, jeans, long sleeve and short sleeve t-shirts, along with an assortment of boots and shoes.

Members of The American Legion ISCC Post and Squadron #201 have sorted over 3700 pounds of donations and will soon clean, repair, and even tailor the clothing to fit the individuals leaving the facility. If the clothes make the man, those departing ISCC will definitely have a leg up.

On a side note, the service ISCC Post and Squadron #201 has committed during the pandemic since March 19, 2020 breaks down as follows:

2872 hours of mask making, creating 17,331 cloth masks and 180 protective gowns. These masks have been distributed state-wide to help "stop the spread".

1471.5 hours of bleaching all common areas and spraying the Preventix chemical throughout the facility in an effort to slow the spread of the coronavirus at ISCC.

We have totaled 4343.5 hours of direct assistance in response to the pandemic within the institution. Since July of 2020, due to cohort procedures, only a small group of 8 Post and Squadron members has been able to commit to this service. Their names are Gerry Boren, Post Historian; Albert Ciccone, Post Commander; Max Gorringer, Squadron Vice Commander (SAL); Ryan Harrell, Squadron Commander (SAL); Emmanuel Jones, Post Adjutant (SAL); Kenneth Page, Post 2nd Vice Commander; Michael Schwindt, Post 1st Vice Commander; and William Shelton (SAL).

I wish to note that Squadron Commander Ryan Harrell (SAL) and Post 2nd Vice Commander Kenneth Page have responded to every situation and are constantly representing our service organization by my side. Our default response has been "whatever the facility needs." We are trusted by ISCC Administration to figure out the details and complete the work. Without these two members support, I don't think we could have kept the light of American Legion service lit in this facility.

Thank you and all of the officers at the Department of Idaho for continuing to support our Post and Squadron. We are sorry we haven't been more able to provide help to the Posts out there. I pledge that once this lockdown ends, we will continue to serve our community, state, and nation like never before.

Respectfully, Albert Ciccone, #77377

The American Legion Department of Idaho History

Did you know?

The Department of Idaho has had one case of having two Commanders during one term. The 9th Annual Department convention was held in Weiser on July 28-30, 1927.

Through a unanimous vote, Jay L Downing was elected Commander for the 1927-1928 year at that Convention. Commander Downing served in France during World War I as a 2nd Lieutenant in the Co. A 144th Machine Gun Battalion.

He was an attorney from Pocatello and also served as the President of the Idaho State Elks Association. He resigned as Commander of the American Legion on December 3, 1927 when he was appointed as the Judge of the Fifth Judicial District of Idaho. W.G. Lonergan, the Department Vice-Commander was named as the new Commander for the remainder of the year. Judge Downing served in the Fifth District until his death in an auto accident on September 6, 1943.

B.W Davis spoke at his funeral service and said, "Idaho lost a man of high courage and unlimited friendliness. He pointed to Judge Downing's record at the bar as one of "high patriotism, unqualified friendliness and above all, logic." (from United States, Genealogy Bank Obituary)

If you know of any interesting stories from the history of The American Legion Department of Idaho, please send them to the Department office (idlegionadmin@mindspring.com) for future publication.
